MOTIVATION

Positive

- I like difficult tasks, which I haven't done before or I need some new technology to solve it.
- I like it if the design and testing period exceeds the implemention period.
- I think I am a lucky man, because my job is my hobby.

Negative

- I hate one thing, stagnation.

Goals

- I like to learn new things, and one of my goals is to learn more and more frameworks in different languages, like play or lagom.
- My goal is a stable, long-term workplace, where I can train myself, and I can teach and lead a successful team.

Salary

- In Hungary, country: N° 1.600 € / month
- In Hungary, capital city: N° 2.000 € / month
- Abroad: N° 9000 € / month
